

# Kids love using Pixie at school, bring Pixie home today!

Pixie is creative educational software used by millions of kids at school. Research has shown that Pixie improves academic performance at school and you can continue the learning at home with the Pixie Home Edition or Pixie app for your tablet!

Pals the puppy pops popcorn.

## With Pixie, your child can:

- Create original art with fun and easy-to-use paint tools.
- Record narration for descriptions and storytelling.
- Print comics, booklets, and trading cards.
- Share images, slideshows, movies, and iBooks.

*“My son really enjoys creating pictures and using all of Pixie’s cool features, and I really like the fact that he can navigate through the program by himself. It was all he talked about when he came home from school last year, and now he gets to enjoy it at home and it didn’t cost us a fortune!”*

— Susie Winters
